

Rising 2<sup>nd</sup> grade students  
St. Louis School  
Summer Math  
2019

Summer Math is the program ixl.com which can be completed on an iPad or computer. **Rising 2<sup>nd</sup> graders should only work in the first grade section.** IXL work must be completed between 6/1 and 8/8. Click here to log in. Work completed in ixl during the school year must be redone to reflect that it was completed between June 1 and August 9. In second grade, we consider mastery of a skill at 90%. **This assignment will be a Math test grade.** You should encourage your child to work on more sections than required especially with basic math facts.

Our school has a special account for ixl.com. Your child will be given his/her log in and password.

PLEASE make sure you use the username@saintlouis.

Have a great summer!
