

May 24, 2023

Dear Upcoming Sixth Graders,

Here is your IXL for the summer. You will need to pick 6 of the 7 choices below. Work to **85%** on the **fifth grade IXL skills**. Some of these you might have done before, but I will be looking at the date completed so you will need to do them a second time.

Do **not** start working until after school is out. I would suggest that you should do one each week of our summer break. They will be due that first week back at school. Have a great summer break! I sure will miss you all this summer!

Love,

Ms. Morgan 😊

D16 Divide 4 digit numbers by 2 digit numbers

G5 Decimal in place value

K5 Write fractions in lowest terms

L12 Add and subtract fractions with unlike denominators

M38 Multiply 2 mixed numbers

O2 Add, subtract, multiply and divide whole numbers- Word problems
