

May 24, 2024

Dear Upcoming Fifth Graders,

Here is your IXL for the summer. You will need to pick 6 of the 7 choices below. I have included the search shortcut code at the end of each skill. Work to **85%** on the **fourth grade IXL skills**. If you have questions, you can email me. The smart scores will be cleared out so that you all should be starting on zero.

Do **not** start working until after school is out. I would suggest that you should do one each week of our summer break. They will be due that first week back at school. Have a great summer break! I sure am looking forward to working with you next year!!

Love,

Ms. Morgan 😊

I10 Multiply a 2 digit number by a 2 digit number MLC

K14 Divide larger numbers by 1 digit numbers; interpret remainders GE8
