

# Jr. High Math Summer Work

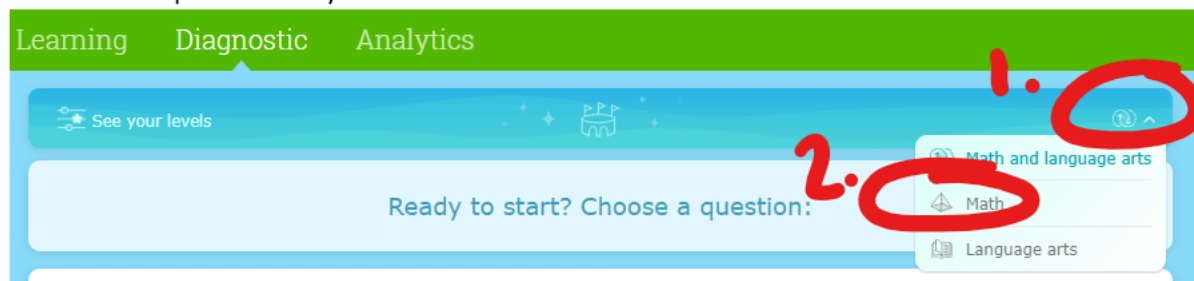

Rising 7<sup>th</sup> and 8<sup>th</sup> grade students must answer 100 IXL diagnostic questions **before the first day of school**. Questions can be completed at any time convenient to the student over the summer. If IXL says you have completed the diagnostic assessment, that means you need to take a break. Come back a different day and practice again. MATH questions must add up to 100 **before the first day of school**.

Directions:

1. Sign into your **St. Louis IXL** account
2. Click on the **Assessment** tab at the top of the page.
3. Click **Step into the Arena**

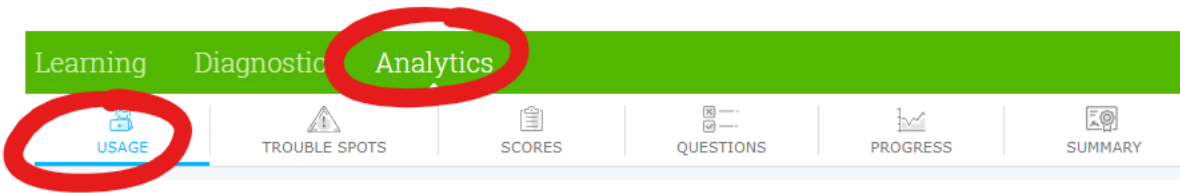

4. Click **math** questions only
