

May 20,2026

Dear Upcoming Fifth Graders,

Here is your IXL for the summer. You will need to pick 6 of the 7 choices below. I have included the code to find each skill. Work to **85%** on the **fourth grade IXL skills**. If you have questions, you can email me. The smart scores will be cleared out on the last day of school so that you all should be starting on zero.

Do **not** start working until after school is out. I would suggest that you should do one each week of our summer break. They will be due that first week back at school. Have a great summer break! I sure am looking forward to working with you next year!!

Love,

Ms. Morgan 😊

MLC Multiply a 2 digit number by a 2 digit number

GE8 Divide larger numbers by 1 digit numbers; interpret remainders

EA9 Multistep Word Problems

9AS Add and subtract mixed numbers with like denominators

EXQ Multiply fractions by whole numbers

UFR Place value in decimal numbers
